

A woman with glasses is smiling and looking down at a document. The background is a blurred image of a person's face, possibly a patient or another student, with a blue tint. The overall image has a blue and purple color scheme.

BEGIN

Bridging students can now receive educational funding to grow their careers in Hospitals or Primary Care for a limited time.

The Bridging Educational Grant in Nursing (BEGIN) program provides educational funding to bridging students, along with the chance to grow their nursing careers in key sectors. Successful applicants can receive up to \$10,000* per year in tuition reimbursements, and access to exam prep resources, dedicated job search support, and more.

Recognizing the ongoing retention challenges in Hospitals and Primary Care, WeRPN has advocated to have two additional sectors included as part of the BEGIN program, helping to meet the urgent need for nurses. New BEGIN applicants can now gain valuable experience, and complete their Return of Service in four rewarding sectors, including Long-Term Care, Home and Community Care, Hospitals or Primary Care.

Space is limited, and only open to new enrollees, so apply soon.

Visit begin.werpn.com

*Eligible PSW-RPN students can receive a tuition and mandatory ancillary fee reimbursement of up to \$6,000 per year (maximum of \$15,000 over three years). Eligible RPN-RN/PSW-RN students can receive a tuition and mandatory ancillary fee reimbursement of up to \$10,000 per year (maximum of \$30,000 over three years). BEGIN participants who demonstrate financial need may also qualify for additional funding of up to \$5,000 per year.
